REPLACEMENT KUUL COMFORT™ EVAPORATIVE MEDIA

KUUL Comfort™ evaporative media is designed and made exclusively to meet the exact performance requirements of Portacool portable evaporative coolers. Our media features an exclusive mix of superior raw materials and a proprietary application of geometrical, intelligent design to create the optimal cooling experience. KUUL Comfort evaporative media is the driving force behind our superior cooling performance.

For best results:

- Follow instructions for KUUL Comfort™ evaporative media installation as specified in the Owner's Manual of your Portacool™ evaporative cooler.
- In areas where hard water is present, consider using Portacool Hard Water Treatment™ to help reduce calcium-scale deposit buildup to extend the life of your evaporative media.
- For cleaning and maintenance purposes, remove the KUUL evaporative media periodically and spray or wipe down thoroughly to maintain performance and longevity.
